UI/UX Lead with 15+ years of experience designing and delivering user-centered digital products that align business goals with exceptional user experiences, including AI-driven solutions and intelligent interfaces. Proven track record of leading design teams, improving usability through research-driven insights, and building scalable design systems for web, mobile, and AI-powered platforms. Strong communicator and collaborative team player with high attention to detail, strategic thinking, and the ability to drive initiatives independently in fast-paced environments while maintaining a strong focus on quality, innovation, and emerging technologies.

## Experience

OCT 2024 – PRESENT

**UI UX Lead | Global Wavenet International | Bambalapitiya, Colombo.**

Leading a team of five UI/UX designers, overseeing project delivery, conducting design reviews, and mentoring through structured feedback sessions and workshops. Experienced in building and maintaining scalable design systems, establishing consistent UX patterns, and driving user-centered design decisions through user research, usability testing, and stakeholder collaboration. Contributed to enterprise-level solutions in the telecommunications and medical sectors, as well as AR/VR applications, while leveraging AI-powered tools such as Figma, Claude, and Lovable to improve design efficiency, rapid prototyping, and cross-functional collaboration by ensuring usability, scalability, accessibility, and alignment with business objectives.

JAN 2021 – OCT 2024

**Associate UI UX Lead | Global Wavenet International | Bambalapitiya, Colombo.**

Supported and collaborated with a team of UI/UX designers, assisting in project coordination, conducting design reviews, and providing mentorship through regular feedback and knowledge-sharing sessions. Contributed to the design and delivery of enterprise-level solutions in the telecommunications and medical sectors, as well as AR/VR applications, ensuring high usability, consistency, and alignment with product and business objectives.

OCT 2018 – JAN 2021

**UI UX Engineer | Global Wavenet International | Bambalapitiya, Colombo.**

JUL 2014 – OCT 2018

**UI Engineer | KeenEye Solutions | Maradana, Colombo.**

JUN 2012 – JUL 2014

**Senior Web Designer | 3CS Web Design | Nawala.**

JAN 2012 – MAY 2012

**Web Designer | Triad Digital | Kollupitiya, Colombo.**

OCT 2009 – DEC 2011

**Web & Motion Graphic Designer | Creative Services Limited (CSL) | Kohuwala.**
